About Me

An inquisitive and proactive Front-End Developer, with strong problem-solving skills and experience delivering results in a fast-paced environment. Able to communicate effectively with all levels of seniority and degrees of technical understanding.

Skills

TypeScript / JavaScript | Angular 13 | HTML5 | CSS3 | Object-Oriented Programming | Java 8 | C#

Demonstrable Experience

Portfolio Web App (nelsond.tech/this.app)

- Built a Single-Page Application in the style of a code editor, using Angular 13 and TypeScript, with a resizable preview section showcasing live demonstrations of the following additional projects created.

Issue Tracker App (nelsond.tech/issuetracker.app)

- Designed and developed an embedded CRUD web application, featuring vanilla TypeScript chart visualizations.

Scientific Calculator App (nelsond.tech/scicalculator.app)

- Created an emulation of Casio fx-991MS. Implemented 80% functionality for the minimum viable product.

Local Weather Forecast App (nelsond.tech/localweather.app)

- Built a live weather forecast widget, consuming JSON data from a third-party REST API / microservice.
